

NIPPLE SEAMLESS SPECIAL

Fabricated from seamless, ASTM A106 Grade B pipe.

A pipe nipple is a short stub of pipe that has a male pipe thread at either one or both ends. It is used for the connecting of pipes, hoses and valves. Material can be specialised i.e. threaded both ends (TBE); threaded one end (TOE); plain one end (POE); plain both ends (PBE); bevelled both ends (BBE).
