

INGCO PLIER DIAGONAL 180MM HIGH LEVERAGE CHROME VANADIUM

The high leverage design provides increased cutting power with less effort, while the chrome vanadium construction ensures durability and resistance to corrosion. The 180mm size offers a good balance between precision and strength, making it suitable for a variety of cutting tasks in confined spaces.

What Is In The Box

- 1 x Ingco high leverage diagonal plier (HHLDCP28180)
- Packed by half double blister

Product Specifications

- Size: 180mm (7")
- Material: Cr-V
- Surface Treatment: Black finish and polish
- TPR three colour handle for strong grip and comfort
- Energy saving 30% more than normal pliers
- Function:
 - crimping
 - spanner
 - deburring

Product Applications

- Electrical Work:
 - Cutting and trimming electrical wires and cables.
 - Snipping excess wire after making connections.
 - Removing wire insulation in tight spaces.
- Electronics:
 - Trimming component leads on circuit boards.
 - Cutting small gauge wires in electronic devices.
 - Precision cutting in confined spaces.
- Jewellery Making:
 - Cutting wire for beading and other jewellery projects.
 - Trimming chain links.
 - Snipping thin metal sheets.
- Crafting:
 - Cutting craft wire, thin metal strips, or other materials.
 - Trimming excess materials in various DIY projects.
- Model Building:
 - Cutting and trimming small parts for model airplanes, cars, etc.
 - Snipping plastic sprues from model kits.
- Automotive Work:
 - Cutting wire ties and small cables.
 - Trimming gasket material.
 - Snipping thin metal in tight engine compartments.
- General Repairs:
 - Cutting small nails, staples, or other fasteners.
 - Trimming plastic or rubber components.
- HVAC Work:
 - Cutting thin metal sheets or wires in heating and cooling systems.
- Fishing:
 - Cutting fishing line and wire leaders.
