

## INGCO MINI CUT-OFF TOOL

---

The Ingco cordless mini cut off tool CAGLI7601 is a versatile and compact cutting and grinding tool designed for processing and cutting metal, concrete, stone, and ceramic tiles, etc. Whether you need to cut through metal or grind surfaces, this tool provides the power and flexibility to get the job done efficiently. With a voltage of 20V, this mini cut-off tool delivers impressive performance, and its no-load speed of 19500rpm ensures that it can tackle a variety of materials with ease. The 76mm (3") disc diameter and M6 spindle thread make it compatible with a range of cutting and grinding discs. This tool is perfect for professionals and DIY enthusiasts alike. Its portability and versatile functionality make it an excellent addition to your tool collection for a wide range of cutting and grinding applications.
